

Yente Weekers

Software Developer

"I am Yente Weekers, 18 years old, and I live in Someren. After graduating and getting my MAVO diploma, I chose to study Software Development at SintLucas. I love technology and want to create new software. I am curious and smart, and I enjoy being creative. I am a really social person. I like being with other people and socializing, such as doing activities with my friends. I also enjoy meeting new people.

Experience

2021 - 2022

Ukkepuk I Ruiter 30, 5712 XP Someren

Babysitter

My first job was as a babysitter at a daycare center. I found this opportunity because my sister worked there, and they could use some more help. I worked here every Monday after school and received a small volunteer allowance at the end of the month. It wasn't much, but I mainly did it because I wanted to build some experience.

2020- future

Heidehof I Kerkendijk 126, 5712 EX Someren

Waitress

I got this job when I was 16 years old and was old enough to start a real job. A good friend of mine worked here and told me about it. Of course, I started with cleaning the dishes, but after two or three months, I was moved to work as a waitress, which I am still doing right now.

2023 - 2023

Tzorg I Hoevenweg 11A, 5652 AW Eindhoven

Cleaning

I took this job for the summer to earn some extra money. I had to clean for the elders who couldn't clean it themselves. Most elders were also alone and liked the company. So, it was also a part of my job to just drink some tea and talk to them.

2023 - future

Kantine I Potakkerweg 21, 5712 AV Someren

Football canteen

I also work at a football canteen where I spend most of my time behind the bar serving coffee and tea, sodas, or beer. Sometimes, when it is really busy, I help out in the kitchen making sandwiches, snacks, fries, soup, or giving out candy
